Enter Tsavo East National Park (12,000 sq kms) at Buchuma Gate, here the driver will open the roof of your bus, so you can stand up with the wind in your hair. Welcome to Africa, the safari has begun! Tsavo is the largest national park in Kenya and is split into East and West by the highway. You will arrive at your lodge in time for lunch and later enjoy time for relaxation before setting off back into the park for your afternoon game drive. Return to the lodge as the sun sets. The new Aruba Lodge lies on the northern bank overlooking the Aruba Dam that was originally constructed across the Voi River in 1952. This and other nearby watering holes are favorites for large mammals especially the herds of elephants that are often dramatically colored red from the soil, and are quite a spectacle as they majestically traverse back and forth across the plains. Also to be found are the Burchells zebra, the Masai giraffe, impala, Grants Gazelle, Lesser Kudu and the reserved but somewhat bad tempered cape buffalo. Other mammals include waterbuck, the fringe eared Oryx, the long necked and graceful gerenuk and if you are lucky the rare Hirola or Hunter's hartebeest can be spotted. Lions, cheetah and the occasional leopards and a myriad species of birds are also residents of the park. This particular eco-region is noted for the pancake tortoise (*Malacochersus tornieri*) among other reptiles and lizards
